A MESSAGE FROM MRS. MEYMANN

It seems we have quickly transitioned to summer weather. I was glad to see plenty of hats and sunscreen on students as they arrived for this week's Goodwill Games. Mother Nature cooperated by holding off on the rain and our visitors cooperated by parking someplace other than the parking lot! Although we used to hold all field days at the Harrison Community Center fields, we have found logistics and easy access to bathrooms and first aid make the school campus a better choice for our younger students' special day. Everyone came to lunch, tired and hungry after a full morning of good fun. Thank you to our physical education teacher, Mrs. Ziegler, and all the teachers and older students who helped this week's Goodwill Games run smoothly.

Next year's calendars have been available on the school website for some time. Please be certain to mark Thursday, August 16 as the date for Meet the Teacher. I will be working in the office through June 30th and plan to send family letters out before I leave, but the plans may change as we transition to the new principal. Teachers take great care in placing students where they feel they will do best. Please do not request changes be made in August. As our mission states, teachers consider each child's academic, social, emotional, and spiritual needs when creating next year's recommended groupings. Thank you for your cooperation with this important matter.
